

THE ALL-NEW ELECTRIC
LEXUS RZ DRIVE/VISIONARY

RZ |  **LEXUS**
EXPERIENCE E-MOTION

EXPERIENCE AN ELECTRIC WORLD

Lexus is making an electrified statement in the Battery Electric Vehicle (BEV) market in South Africa with the launch of the Lexus RZ range, the brand's first dedicated all-electric model ever crafted. As a leading luxury car brand when it comes to selling electrified vehicles, this world-class launch is no surprise. These are considered vehicles that are a symbol of the electrified future, bringing Lexus' innovation and vision to life.

The range not only looks like an icon of a new era, but also has features symbolising what's next. The RZ 500e Battery Electric Vehicle features a water-cooled lithium-ion battery, impressive power output, and adopts a towing package, while an F SPORT grade is added to the line-up, with the All-Wheel-Drive DIRECT4 system and a revolutionary Steer-By-Wire Steering Wheel.

STEP INTO THE CABIN OF TOMORROW

RANGE

The RZ 500e EX and the RZ 500e SE

Step into the electrified range with the RZ 500e EX and RZ 500e SE. With a lithium-ion battery and motor that produces 280kW of power, this first edition and Luxury edition drives innovation and is a vision for a new era of design and technology. The RZ EX and RZ SE are available in 5 monotone colours and 3 bi-tone colours to suit your personality. When you step into the cabin, you'll see the EX has synthetic leather seats and a 10-speaker Lexus Premium Audio System, while the SE has Ultrasuede, patterned seats and a 13-Speaker Mark Levinson® Audio System. Journey along with 18-inch aluminium wheels in the EX and 20-inch aluminium wheels in the SE. Your electric journey has just begun.

The RZ 550e F SPORT

Powering up innovation, the RZ 550e F SPORT takes on speed and technology in a reimagined light with its aerodynamic 20-inch wheels and spoilers. As a Battery Electric Vehicle (BEV) with 300kW of power, retuned suspension and Ultrasuede F SPORT seats, your drive will only impress. This model is exclusively available in Neutrino Grey (both in monotone and bi-tone) as well as 3 other monotone colours and 1 other bi-tone colour, completed with Black and Dark Grey interior trims, making a true statement of performance.

LEXUS RZ 500e SE

LEXUS RZ 550e F SPORT

CHARGE YOUR VISION

PERFORMANCE THAT INSPIRES

- An ESU (Electricity Supply Unit) which integrates the charging/ power supply functions and power distribution mechanism, to ensure efficiency and performance.
- The evolution of the Lexus Driving Signature significantly enhances basic driving performance.
- A water-cooled, large capacity lithium-ion battery gives excellent performance and safety.
- The DIRECT4 All-Wheel-Drive system utilises front and rear 'e-Axle' units for sufficient power and driving range performance.

Electric performance has arrived.

Model	Power (kW)	Torque (Nm)	EV Range (km)
RZ 500e EX	280	537.2	500
RZ 500e SE	280	537.2	456
RZ 550e F SPORT	300	537.2	450

Engineered with tomorrow's electric vision.

	EX & SE	550e F SPORT
Front Suspension	McPherson Strut	
Rear Suspension	Double Wishbone	
Stabiliser	With Front (arm) & Rear	
Drive Mode Select	Normal, Sport, Eco	
Towing Package	750kg	
Vehicle Stability Control	Standard	

While charge times are indicated for comparison, they may vary depending on various factors: such as the model, battery option, age, type, condition and temperature of the charging unit and the battery, the starting charge, the charger's power supply, and the environmental conditions at the point of use. Charge times will be longer in colder weather and if battery temperature activates safeguarding technology. Electric range figures are the maximum official test values from the Worldwide Harmonized Light Vehicles Test Procedure (WLTP) provided for comparison purposes. These can vary depending on factors: such as selected grade and transmission, accessories fitted (post-registration), driving style, weather conditions, speed, vehicle and battery age, and vehicle load. Figures are obtained after the battery is fully charged. It is best to only compare electric range figures with other cars tested to the same technical procedures. These figures may not reflect your real-life driving results.

DESIGN AHEAD OF ITS TIME

Enjoy an electrified driving experience from the future with the new Battery Electric Vehicle (BEV) platform crafted with a low centre of gravity and sleek aerodynamic form.

IF ELECTRIC HAD A LOOK

The evolution from the spindle grille to an integrated spindle body, signals the next chapter of Lexus design, conveying performance and a clean appearance. This aesthetic is instantly recognised as a BEV.

A NEW ELECTRIC ERA OF DESIGN.

- A new Lexus signature look achieved by reconfiguring the front beam and turn signal.
- Integration of a contrasting front and rear creates a visually impactful impression.
- The blended fenders and spindle body create a dynamic, bold design.

Front beam and
turn signal.

Blended fenders and
spindle grille.

Horizontal
Lexus badge.

Panoramic
dimming roof.

- Refreshed brand identification with a new Lexus badge, forming a simple horizontal design that creates a powerful impression.
- Rear combination lamps continue the Lexus signature expression.
- The Panoramic roof has adopted a dimming functionality*.
- Puddle lamps are featured on the exterior smart front door handles.
- The model's name mark is featured on the rear of the RZ.

*Available on the F SPORT model only.

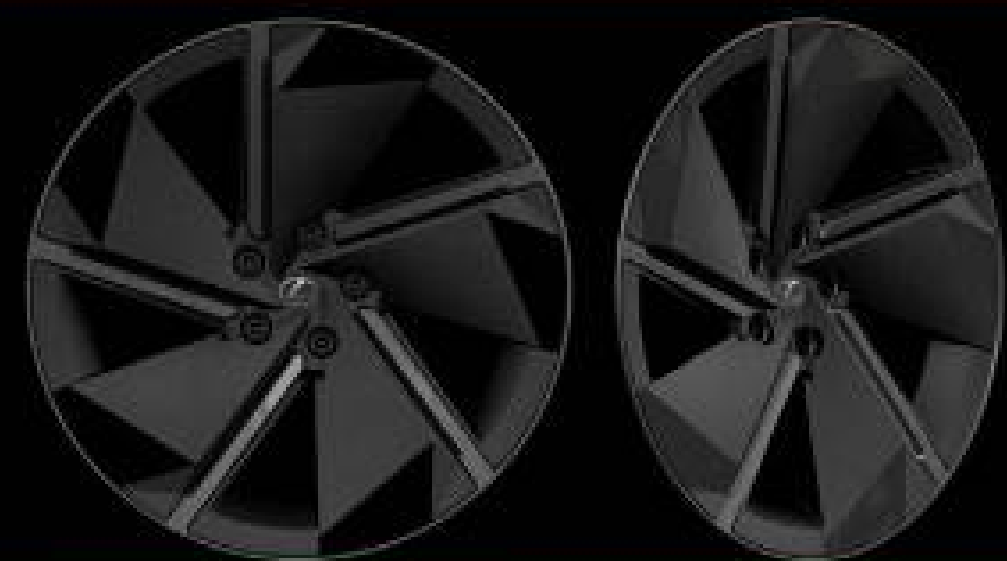

ELECTRIC INNOVATION IN MOTION

The wheels of the RZ range from 18-inch to 20-inch aluminium wheels, specifically selected for each model.

EX Model
18-inch aluminium wheel

SE Model
20-inch aluminium wheel

RZ 500e F Sport

MEET THE e-TNGA PLATFORM.

The e-TNGA Platform has been developed exclusively for Battery Electric Vehicles (BEVs). As a result, it creates a low centre of gravity and dynamic driving, along with excellent ride comfort and driving stability.

A CABIN THAT POWERS THE FUTURE

The RZ interior is designed with the Japanese *Tazuna* concept in mind, giving the driver a clean line of sight and a sense of oneness with the vehicle.

The centre cluster features large display, functional spaces and charging ports.

The dial shape reflects a simplistic and compact design, while the texture provides an excellent tactile feel.

A laser-processed graphic has been applied to the Ultrasuede door trim and provides a new luxury expression on Luxury and F SPORT grades.

The dynamic shadowy illumination provides a functional and subtle pattern that gradually changes through time and fosters an emotional, comfortable connection with the RZ's driver and passengers.

SIGNATURE DETAILS ELECTRIFIED

Wireless charger.

Intelligent Park Assist

TECHNOLOGY FROM THE ELECTRIC AGE

mark
levinson

The RZ symbolises the epitome of Lexus technology with state-of-the-art features that will impress you on every drive. Featuring Intelligent Park Assist*, a Wireless Charger, a Panoramic View Monitor, Active Cornering Assist, an Electric Parking Brake, next-generation Side Mirrors, and a Mark Levinson® Audio System*, your future adventures have never been more radiant.

*Available on certain models.

F SPORT

AN ELECTRIC VISION OF PERFORMANCE

As if the RZ wasn't amazing enough as an all-electric vehicle, the range also includes an F SPORT variant for your enjoyment: RZ 550e F SPORT.

This model commands attention with the visionary F SPORT badge, F SPORT 20-inch wheels, F SPORT black and grey seat trim, F SPORT rear spoiler and F SPORT rear bumper. This high-performance machine is also exclusively fitted with a uniquely shaped Steer-by-Wire steering wheel crafted for exceptional functionality, easy grip and effortless control.

RZ 600e F SPORT

WELCOME THE LIMITED EDITION

Just when you thought the Lexus RZ line-up couldn't impress you more, the RZ 600e F SPORT is launched. As the most premium Performance Sport model, this limited-edition triumphs with 313kW of power. To reinforce its expression of speed, it features a Carbon Fibre Roof, Wide Carbon Fenders, 21-inch wheels paired with 20-inch calipers, and Twin F SPORT Track Spoilers.

THE FEATURES OF THE RZ 600e F SPORT

TWIN CARBON FIBRE SPOILERS

Designed for powerful downforce, enhanced stability and aerodynamic efficiency.

21-INCH WHEELS WITH 20-INCH CALIPERS

Engineered for professional handling and braking.

WIDER CARBON FIBRE FENDER ARCHES

Enabling larger wheels and tyres for the ultimate driving performance.

313kW OF POWER

Bringing the instant power of the all-electric vehicle to life.

F SPORT TRACK-STYLED BUMPER

Reinforcing its sporty presence on every journey.

CARBON FIBRE ROOF

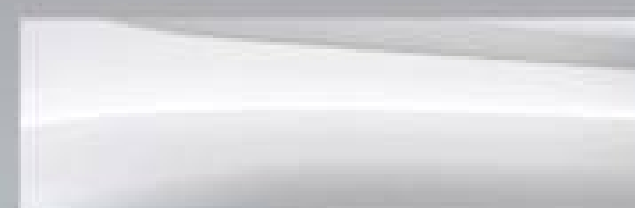

Reduces the weight of the vehicle and lowers its centre of gravity.

LEXUS MAINTENANCE

INTRODUCTION

At Lexus, we take pride in the advanced engineering and craftsmanship of the vehicles we build. For that reason, our Warranty and Distance Plans are designed to provide Lexus owners with seamless vehicle maintenance and complete peace of mind. The Lexus Warranty and Distance Plans both enjoy full support by Lexus SA and offer customers access to specialised servicing, maintenance and repair at any Lexus dealer in South Africa, Namibia and Botswana.

WARRANTY AND DISTANCE PLANS

To complement its comprehensive Warranty, the GX features a Distance Plan Complete that provides for service and maintenance costs. The option to extend the period of cover is available for both the Warranty and Distance Plan Complete. These options can be discussed with your Lexus dealer. To familiarise yourself with the cover provided by Warranty and Distance Plan on the GX, please consider the information below.

WARRANTY

- EV Battery Warranty: 8 years/160 000kms
- Service interval: 12 months/15 000kms
- Warranty: 7 years/105 000kms

DISTANCE PLAN

The RZ features a Distance Plan Complete that will incept with the vehicle's Warranty.

- Maintenance Plan: 7 years/105 000kms

Consult with your Lexus dealer for more information on the terms and conditions of the Warranty and Distance Plan Complete offered on the GX.
